

CTX Salt Bubble

DESCRIPTION:

Salt Bubble helps to maintain and improve the performance of pools with salt systems and salt water.

Salt Bubble reduces phosphate levels and helps to prevent calcareous deposits and oils that reduce the performance of salt cells.

Salt Bubble also contains a natural clarifier that will keep a clear water.

The product doesn't affect water pool parameters.

PROPERTIES:

Appearance	Liquid
Colour	Light yellow

INSTRUCTIONS FOR USE:

1. Identify the number of Salt Bubbles needed according to pool size (1 salt bubble for pools until 110 m³ of water).
2. Shake the product before using.
3. Remove the blue piercing tool from the package
4. Use blue piercing tool pressing firmly against hard surface (wood or concrete) until plastic is punched through (only one time).
5. With pump running, place the Salt Bubble into the skimmer in a way that the product goes out from the bubble uniformly. **DO NOT place chlorine tablets into skimmer at this time.**
6. After 4-6 hours, remove the Salt Bubble. Throw it in the garbage when it remains empty. It is recommended to run the pump for at least 8 hours for a suitable homogenization of the product.
