

The first 4x4 pool cleaner

AstralPool R Series cleaners are the first in the range to come with Gyro technology. Their elegant design, ergonomic features and ease of use make them the first smart pool cleaner in the market

R7
67981

Gyro technology

This smart navigation system will ensure your pool is thoroughly cleaned every time. It avoids all types of obstacles and has a tangle-free power cable.

Remote control app

Available on.

Three-dimensional filters

They come with a new ultrafine 3D filter as a standard feature.

Easy view

The transparent windows make it easy to see the level of dirt.

Rotating brush

An extra powerful brush for a deeper clean.

Easy open

The filters are easy to reach from the top of the cleaner.

Clean hands

There is no need to come into contact with the dirt to clean the filter.

PVA wheels

The best quality for a better grip by the 4x4 traction feature.

Adjustable suction nozzles

Maximum suction.

Mechanical swivel

System that prevents the cable from getting tangled.
